

Certificate in BID Management

Kristian Foreman, Cambridge BID

Currently working for Cambridge BID as a Project and Marketing Manager delivering ambitious and engaging projects across the city. Previously, I have worked in event management, fundraising and programming in the arts, culture and education sectors. In my free time I produce short films and host on the weekly film making podcast. I'm excited to have the opportunity to network with peers across the country and explore all aspects of working in the BID industry.
