

### **Moshiur Choudhury-Biography**

I started working for the Nottingham BID in 2011 as a street ambassador, I was then promoted to be the supervisor of the ambassador team in 2015, which is the year that the Nottingham bid was up for renewal, this was a huge success and we are going for renewal in 2020. I've been doing some work for CMS since 2015 in terms of ballots and feasibility of BID's in certain towns and areas. Out of work I like to spend time with the family and watch football, boxing and other sports.
