

Nick Bishop, Bath BID

I joined the Bath BID in March 2019. Born and raised in Bath with a business background in the hospitality & leisure industry, the BID seemed like the perfect opportunity for me to develop and assist the local businesses I grew up with. Previously working in 5* hospitality roles, I have been able to develop excellent customer service skills which can benefit the BID and help to consistently exceed levy payers expectations. I am really enjoying my time at the Bath BID and looking forward to developing my career.
