

Suzanne Gloyne, Southend BID

My name is Suzanne Gloyne and I took on the role of Southend BID Manager in mid-July. By way of a little background about me, after graduating from university I worked for Bosch in their Marketing department before progressing to work with the likes of Homebase, Robert Dyas, Argos and more as Key Account Manager in the Power and Garden Tools division. It is a joy to now be able to work in the area where I have grown up and to help it thrive in partnership with local businesses.
