

Certificate in BID Management

Rachael Smith, Primera Group

A year long placement at Victoria BID pre university along with summer work gave me an insight into the BID world. After graduating, I spent some time in the serviced office industry before returning to the BID world in 2019. I am currently project managing on two newly established Partnerships in the City of London - Fleet Street Quarter and EC Partnership.

Both Partnerships are looking to achieve BID status in 2022!
