

Certificate in BID Management

Richard Green, Mole Valley District Council

As an experienced Economic Development and Regeneration Manager I have worked across London and the South East on a mixed range of projects. Throughout that time, I have worked closely with a number of BIDs. This includes developing the Sidcup Partners BID, assisting in the business plan development of both the Bexleyheath BID and the New Addington BID. I have also worked closely with the Ilford BID, the Purley BID and most recently the Dorking BID. In addition, I have undertaken some tendering, project planning consultancy work for Cheapside, and Beckenham as well as several BID viability studies for local authorities and community groups.

I think innovative dynamic BIDs have a bright and exciting future and I am keen to develop my understanding of BID Management and operations further.
