# SURVEY 2012

# THANK YOU

Grateful thanks go to all those who have contributed to this research and in particular:

## **Participating BIDs**

107 BIDs from England, Wales, Scotland and Ireland

## **British BIDs Advisory Board**

14 organisations assisting with data collection

## **Research & Report Team**

Alliance Boots: Andy Godfrey

British BIDs: Dr Julie Grail, Paul Clement & Sarah Telles

University of Ulster: Prof Jim Berry & Dr Lesley Hemphill

## **BID Boot Camp Team**

Newcastle BID: Graham Cole

Paddington BID: Ann Hunter

Plymouth BID: Clint Jones

Swindon BID: Simon Jackson & Rebecca Rowland

# EXECUTIVE SUMMARY

The sixth Annual Nationwide BID Survey boasts an enormous 91% response rate from the BID fraternity across the UK and 100% response rate from London BIDs. This amounts to a total of 107 BID responses.

As usual the survey covers a full financial year of data, in this case 2011/12 and therefore the survey point is as at 1<sup>st</sup> April 2012.

This year's survey focuses on benchmarking a wide range of BID indicators whilst also showcasing the breadth and quality of activity across the country through a series of case studies.

The case studies include examples of: place branding and communications; consumer websites and apps; major events and promotions; health and well-being initiatives; Innovative methods for managing crime; extending shopping hours into evening; response to town centre disturbances; parking initiatives; and green initiatives.

In headline terms:

- almost 55,000 businesses pay BID levies
- in 129 BIDs
- total investment in BID areas is over £91 million

- BID Levy Rates  
44% of levy rates are between 1% and 2%
- BID Hereditaments  
Typical number is between 300 and 600
- BID Term  
98% of BIDs have a five year term
- BID Thresholds  
72% of BIDs apply a threshold to the levy
- BID Levy Discounts: Charities  
49% of BIDs provide a charity discount
- BID Levy Discounts: Shopping Centres  
35% of BIDs provide a shopping centre discount
- Annual Levy Income  
Average annual levy income is £390,052  
Smallest is £55,000 and largest is £2,700,000
- Direct Additional Income  
62% of BIDs achieve some level of additional income directly in to the BID bank account
- Indirect Additional Income  
37% of BIDs cite evidence of income to the area as a direct result of the BID activity
- Levy Collection Charges  
37% of BIDs have no collection charge  
23% of BIDs have a collection charge above the industry criteria of £35/unit  
Of the top 20 highest unit costs, 80% are in London
- BID Ballots  
Of the total 215 ballots, 84% have been YES  
Of the total 48 renewals, 94% have been YES

# 1: BID SAMPLE

At the time of the data collection, as at 1<sup>st</sup> April 2012, there were 129 BID's across the UK and Ireland – 102 of which are town centre BID's and 27 which are industrial.

| RESPONSE RATES                                   |     |     |
|--|-----|-----|
| Total number of surveys returned                 | 107 | 83% |
| Total number of Town Centre BID surveys returned | 93  | 91% |
| Total number of Industrial BID surveys returned  | 14  | 52% |

For the purposes of the data analysis and presentation, industrial BID's have been excluded from the data and are presented separately in section six of this report.

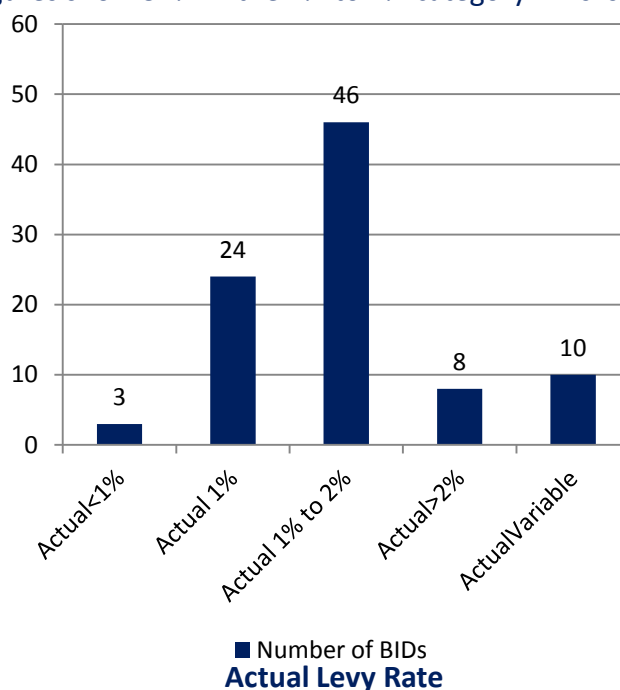

## 2: BID BASICS

### BID LEVY RATES

The BID levy rate is the multiplier by which the levy amount chargeable is achieved. The Industry Criteria states that up to 1% is the expected norm, with some allowances made for up to 20% in exceptional circumstances that need to be fully justified.

The total sample for the base levy rate, ie. the rate that the BID starts with in year one and quotes in its BID Proposal, is 102. Of the 102, the most prevalent levy rate is between 1% and 2% accounting for 44%. When extrapolating that to the actual levy rate, ie. the rate that the BID is charging on the year 2011/2012, our figures show 51% in the 1% to 2% category. This is

based on a sample size of 91 as not all BIDs provided this data. There are also a relatively high number of 'variable rates', ie. those that charge either a differential levy rate such as Beeston (2% or 2.5% depending on RV) or Birmingham Broad Street (0%, 0.5%, 1% or 2% depending on proximity to centre); or those that charge a levy rate or a flat fee below a certain threshold such as Brighton (1% or £400 whichever is greater) or Melton (1.5% or £100 under a threshold); or those that run a banded system such as Hinckley or Rugby .

Of note, are also the three BIDs that have a levy rate below 1%, inevitably these are in locations of high rateable values and are all second term BIDs that reduced their levy rate at renewal (Coventry 0.9%, Hammersmith 0.8%, Inmidtown 0.9%). The three BIDs that have a levy rate above 2% are Acocks Green (2.5%); Clarkston (3.5%) and Dublin (4% but Irish legislation operates differently whereby the annual budget is set and then is worked to create the multiplier).

## 2: BID BASICS

### BID HEREDITAMENTS

The number of hereditaments represents the number of actual business levypayers/voters within the BID area based on rateable business units from the rating list.

The typical number of hereditaments falls between 300 and 600, with five BIDs falling above 1,000 (Dublin 3,496; Liverpool 1,431; Newcastle 1,400; Dundalk 1,400; Hull 1,183) and five BIDs falling 210 and below (Alloa 210; Piccadilly & St James 206; Heart of London 202; Acocks Green 189; Great Yarmouth 181).

The total number of hereditaments across all BIDs (excl industrial) is 54,110.

### BID TERM

BID legislation allows a maximum term of five years. Of the total sample size of 89 BIDs, 87 of them are operating with a five year term. Two locations differ from this norm – Wellingborough has a three year term and Paddington has a four year term.

## 2: BID BASICS

### BID THRESHOLDS

A threshold is a rateable value level below which hereditaments are not charged a levy. The main purpose of a threshold is to prevent very small businesses being required to pay small sums of money whilst also ensuring that once the levy collection charge has been taken into account there is a net gain in income. For example, a BID charging 1% levy rate with a collection charge of £50/unit will gain no net income from hereditaments below £5,000 rateable value as the levy payable will be £50 annually.

From the sample of 103 BIDs, the thresholds range from Nil (29 BIDs) to £100,000 + (3 BIDs - £100,000 Victoria BID; £150,000 Piccadilly & St James; £250,000 New West End Company).

Of the 103 BIDs, there are just eight that have a net loss of income, ie. have no threshold but do have a levy collection charge. Taking into account their levy rates and levy collection unit cost, a recommended threshold is shown below to avoid having a net loss on collection.

| BID Name               | Actual Levy Rate | Hereds | Collection Charge | Unit cost | Recommended threshold |
|------------------------|------------------|--------|-------------------|-----------|-----------------------|
| Paignton BID           | 1.5%             | 511    | £800              | 1.57      | 235                   |
| Kirkcaldy 4 All        | 1%               | 466    | 2,700             | 5.79      | 579                   |
| Blackpool BID          | 1%               | 835    | 14,400            | 17.25     | 1,724                 |
| InSwindon BID          | 1%               | 450    | £13,000           | 28.89     | 2,889                 |
| Kingstonfirst          | 1%               | 930    | £28,000           | 30.11     | 3,010                 |
| Dublin City BID        | 4%               | 3,496  | Euros 30,000      | 8.58      | Euros 3,432           |
| Beeston BID            | 2%               | 517    | £13,500           | 26.11     | 5,222                 |
| Nottingham Leisure BID | 1.69%            | 243    | £12,000           | 49.38     | 8,346                 |

## 2: BID BASICS

### BID LEVY DISCOUNTS: CHARITIES

Many BIDs opt to give charities a discount on their levy. Of the 89 responses, 44 (49%) provide some level of discount between 50% and 100% and 45 (51%) give no discounts for charities.

### BID LEVY DISCOUNTS: SHOPPING CENTRES

Of the sample of 60 BIDs, 39 (65%) give no discount to tenants in a shopping centre. Of the remainder who provide some level of discount, two give a discount that falls outside the standard rates (Swansea gives 10% discount; and London Ealing has two centres with different discounts of 50% & 30%)

# 3: BID FINANCES

## LEVY INCOME

The BID levy income is the income collected directly via the mandatory BID levy and does not include any additional income. From the total sample of 102 (of which 14 were sourced online due to non-response in the survey), the total BID levy income chargeable across the UK as at the survey date of 1<sup>st</sup> April 2012 is £39,883,454. Therefore the average annual levy income is £390,052.

The smallest annual levy income is £55,000 from London Leytonstone E11 and there are seven other BIDs with an annual levy income of £100,000 or below (Scotland Clarkston £65,000, Tavistock £66,500, Scotland Bathgate £73,500, Birmingham Erdington £95,000, Wimborne £95,000).

The largest annual levy income is £2,700,000 from London New West End Company and there are another six BIDs with an annual levy income of £1,000,000 or above (Liverpool City £1,000,000, London Croydon £1,000,000, London Victoria £1,418,986, Ireland Dublin £1,813,448, Newcastle £1,950,000, London Inmidtown £2,200,000). In addition, there are two more aggregate BIDs that as companies manage two BIDs which raise beyond £1,000,000 combined – Liverpool City as stated above collects £1,000,000 but also manages the Liverpool Commercial BID with an additional £600,000; Heart of London Business Alliance runs two BIDs with incomes of £693,000 and £761,000 making a total aggregate income of £1,454,000.

## ADDITIONAL INCOME

The additional income is the level of contribution made to the BID area over and above the levy income. The data has been collated by type and source – direct additional income (ie. funds received directly into the BID account); indirect additional income (ie. funds contributed to the area as a result of the BID but not received directly into the BID account); and matched funding (ie. funds contributed towards the funding of BID services but not received directly into the BID account).

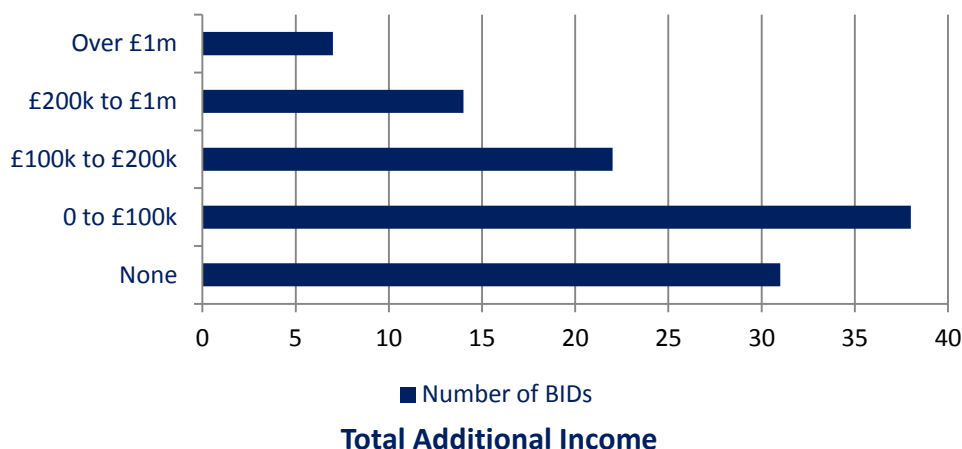

|                                      |                    |
|--------------------------------------|--------------------|
| Direct Additional Income             | £11,678,040        |
| Indirect Additional Income           | £35,703,300        |
| Match Funding                        | £433,786           |
| <b>Total Additional Income</b>       | <b>£47,682,409</b> |
|                                      |                    |
| Total BID Levy Income                | £43,506,657        |
| <b>Total Investment in BID Areas</b> | <b>£91,189,066</b> |

# 3: BID FINANCES

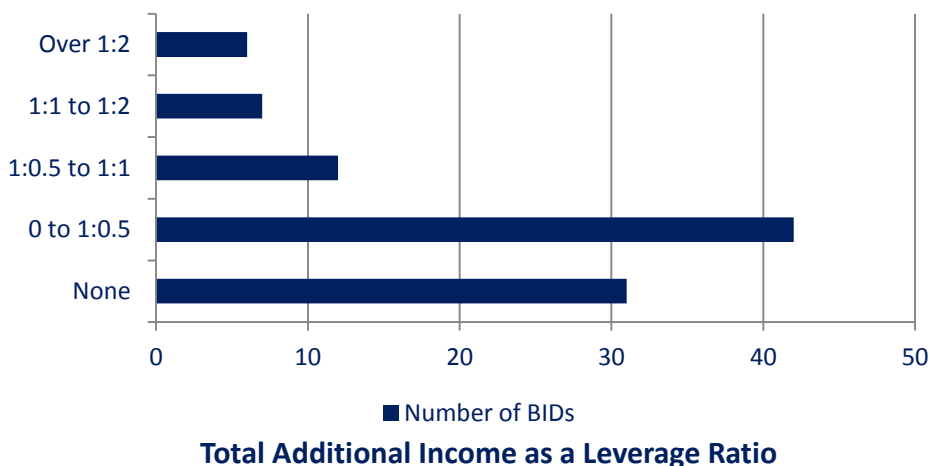

## ADDITIONAL INCOME (cont'd)

The level of direct additional income compared to actual levy income shows only four BIDs achieving a leverage ratio of more than 1:1 (Lincoln 1:1.99; Plymouth 1:1.39; Scotland Kirkcaldy 1:1.34; and London Angel 1:1.30).

However, when all additional income is taken into account these figures are higher demonstrating that BIDs are acting as a catalyst within an area despite the fact the funds do not necessarily come through the BID bank account. There are six BIDs showing more than £1m over total additional income (Newcastle £9,200,000; London Angel £3,892,500; London Camden £1,822,060; London Bankside £2,932,424; London New West End £2,839,000; and London Leytonstone £1,150,000).

In leverage terms these figures then translate into six BIDs with a leverage ratio of over 1:2 (London Leytonstone 1:20.9; London Angel 1:13.6; Newcastle 1:4.7; London Bankside 1:3; London Camden 1:2.9; and Scotland Alloa 1:2).

*Total Leverage refers to the ratio of BID Levy: Total Additional Income*

# 4: BID LEVY COLLECTION

## LEVY COLLECTION CHARGES

The levy collection charge is the sum of money charged by the local authority to the BID for the service of collecting the BID levy. The BID Regulations allow for a reasonable charge to be made for this service and the details of this service should be set out in an operating agreement between the two parties.

The most appropriate method for comparing collection charges is by calculating the unit cost, ie. the total collection charge divided by the number of hereditaments. This then allows a fair comparison across all BIDs. The sample size for this data set is 86 BIDs and of those, 31 (37%) have no collection charge made to them by their local authority. Of the remainder, nine have a unit cost in excess of £60/hereditament, and 20 have a unit cost in excess of the Industry Criteria acceptable level of £35/unit.

When the charge is calculated as a percentage of BID levy income, 24 BIDs fall above the Industry Criteria guidance of 3% with six BIDs at 7% or above (London Ealing 7%; Beeston 7%; Derby St Peters 7%; London Bayswater 7%; Derby Cathedral 8%; and Melton 16%).

From a regional perspective, it is interesting to note that of the top 20 highest unit costs, 16 (80%) are in London and only two London BIDs quote no collection charge. Also, all Birmingham BIDs that provided data have no collection charge.

*Shaded entries denote that unit cost is higher than the Industry Criteria of £35/unit*

# 5: BID BALLOTS

## TOTAL BID BALLOTS

BIDs are established by achieving a dual key majority at a BID ballot, which is run impartially by the relevant local authority or its nominated agent. As BIDs are fixed term organisations, in order to continue beyond the first term, a renewal ballot is required. In the event of a failed ballot, a BID is free to run a re-ballot if desired.

As at the survey date, 1<sup>st</sup> April 2012, there had been a total of 215 ballots having taken place across the UK and Ireland, of which 84% were successful yes votes.

|               |     |         |      |
|---------------|-----|---------|------|
| Total Ballots | 215 | 180 Yes | 84 % |
| Renewals      | 48  | 45 Yes  | 94 % |
| Re-ballots    | 6   | 2 Yes   | 33 % |

In terms of ballot results, the ballot holder is legally required to report on turnout (ie. the % of those that voted); majority in number of those voting; and majority in Rateable Value of those voting. The averages for all BID ballots divided by first ballot, first renewal and second renewal are shown in the tables below.

|                          |     |              |
|--------------------------|-----|--------------|
| Turnout Average 1st Term | 41% | Based on 167 |
| Turnout Average 2nd Term | 47% | Based on 48  |
| Turnout Average 3rd Term | 75% | Based on 1   |

|                                     |     |              |
|-------------------------------------|-----|--------------|
| Majority by Number Average 1st Term | 60% | Based on 167 |
| Majority by Number Average 2nd Term | 65% | Based on 48  |
| Majority by Number Average 3rd Term | 92% | Based on 1   |

|                                 |     |              |
|---------------------------------|-----|--------------|
| Majority by RV Average 1st Term | 63% | Based on 167 |
| Majority by RV Average 2nd Term | 76% | Based on 48  |
| Majority by RV Average 3rd Term | 93% | Based on 1   |

There is clearly a pattern of improvement at ballot from first term, to second and then third. In particular, there have been significant ballot achievements in two recent renewals – Ipswich 2<sup>nd</sup> term (first renewal) 68% turnout, 93% by number and 95% by RV; and Heart of London 3<sup>rd</sup> term (the first BID to go for second renewal) 75% turnout, 92% by number and 93% by RV.

# 6: Industrial BIDs Summary

## GROWTH RATE OF INDUSTRIAL BIDs

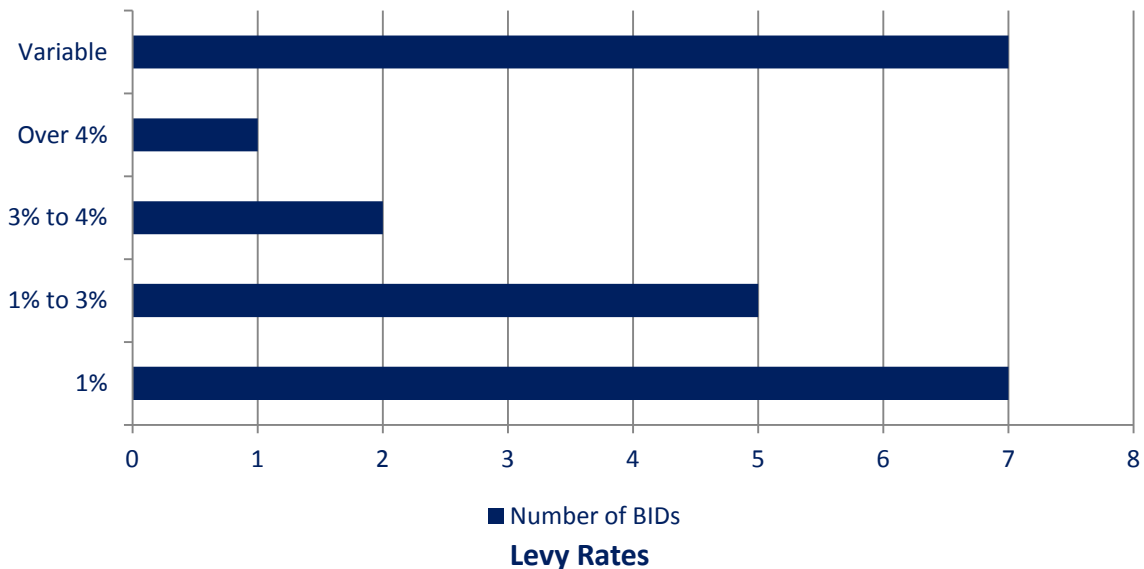

## TERM OF INDUSTRIAL BIDs

All industrial BIDs have a term of five years.

## LEVY RATE OF INDUSTRIAL BIDs

Levy rates for industrial BIDs are generally higher than for town centre BIDs and there are more BIDs with a variable rate, usually on a banded system. Of note in terms of high levy rates are Albion at 4% and Canterbury at 9%.

## HEREDITAMENTS OF INDUSTRIAL BIDs

The total number of hereditaments across the sample of 18 industrial BIDs is 3,259 with the average being 181. The smallest number is 17 in Canterbury and the largest is 340 in Argall.

# 6: Industrial BIDs Summary

## LEVY INCOME OF INDUSTRIAL BIDs

From the sample size of 18 industrial BIDs and from sourcing some levy income data online, the total annual levy income is £2,190,168. This averages at £115,272 with the smallest levy income being £41,000 in Canterbury and the largest being £404,000 in Brackmills.

## ADDITIONAL INCOME OF INDUSTRIAL BIDs

Of the sample of 11 BIDs that responded, only six received additional income beyond the BID levy. The total additional income across all six amounts to £79,210.

| BID              | Annual Levy Income | Additional Income | Leverage |
|------------------|--------------------|-------------------|----------|
| Garratt Park     | 62,220             | 3,905             | 0.06     |
| Hainault         | 102,232            | 15,000            | 0.15     |
| Lancing          | 102,000            | 2,700             | 0.03     |
| London Riverside | 175,000            | 13,000            | 0.07     |
| Winsford         | 89,238             | 5,000             | 0.06     |
| Brackmills       | 404,055            | 39,605            | 0.10     |

## LEVY COLLECTION CHARGE OF INDUSTRIAL BIDs

There is a wide variation of the collection charges across industrial BIDs. From the sample of 10, three pay no collection charge and the remainder range from £5/unit to a very high £83/unit.

| BID                 | Levy Collection Charge | Hereditaments | Unit Cost |
|---------------------|------------------------|---------------|-----------|
| Albion              | 10,000                 | 120           | 83        |
| Blackburn           | 7,904                  | 260           | 30        |
| Garratt Park        | 682                    | 93            | 7         |
| Hainault            | 6,333                  | 189           | 34        |
| Kippa               | 0                      | 95            | 0         |
| Lancing             | 1,350                  | 286           | 5         |
| London Riverside    | 20,000                 | 299           | 67        |
| Longhill & Sandgate | 0                      | 198           | 0         |
| Willow Lane         | 1,031                  | 210           | 5         |
| Winsford            | 0                      | 170           | 0         |

# 7: BID SHOWCASES

BIDs were invited to submit their 'Proud Projects' to us as part of their survey submission. Numerous and varied submissions were received and the highlights are presented in the following pages:

BATH BID: Bath in Fashion

BETTER BANKSIDE & TEAM LONDON BRIDGE: Riverside London App

BRILLIANT BRIGHTON: Rebranding and Website Launch

DUBLIN BID: Dublintown.ie – A Consumer Website

FALMOUTH BID: Free February in Falmouth

HEART OF LONDON: Royal Wedding Press Campaign

HULL BID: An Innovative Approach to Managing Crime

KINGSTONFIRST BID: Growth of Kingston Visitor Information Centre

LEAMINGTON BID: Royal Leamington Spa Golden Ticket

NEWCASTLE NE1 BID: Alive After Five

NOTTINGHAM BID: A New Customer Facing Brand

PADDINGTON BID: Games 2012 Business Communications

PLYMOUTH BID: Explore Plymouth Magazine

RETAIL BIRMINGHAM BID: Response to the Disturbances 2011

TEAM LONDON BRIDGE: London Bridge Station Consultation

VICTORIA BID: Green Benefits

WATERLOO QUARTER BID: Packed Lunch – Workplace Health

WINCHESTER BID: Street Pastors

# BID SHOWCASE

## BATH BID: Bath in Fashion

**The Project:** An important component of Bath Business Improvement District's prospectus was to bring new events to the city where there were gaps in the city's events calendar. In addition to this, the event's aim is to increase footfall, sales and galvanise the rich variety of retail, business and educational sectors to deliver a world class fashion event. The week-long festival showcases Bath as a city at the centre of fashionable life. Bath In Fashion celebrates style from top to toe with an action-packed line-up of fashion designers and celebrities.

**The Outcome:** A strong partnership approach is adopted for the delivery of this event relying heavily on in-kind support from businesses across the city. The web site [Bathinfashion.co.uk](http://Bathinfashion.co.uk) had nearly 9,000 visits during the event; the blog had 4,277 views; the youtube video had 4,321 views; and there was in the region of 1,000 tweets during the event that were then cascaded by re-tweets. Of the 19 events, 9 were sold out and 5 nearly sold out. A total of 2,482 people attended the ticketed events.

# BATH<sup>IN</sup> FASHION

### What the businesses say:

*"Promoting shopping in Bath through Bath in Fashion has really helped the independents. Count us in for next year."*

**Rachel Lye, Lux Bath**

**Cost: Total of £100,000 but the cash cost to the BID is £20,000**

# BID SHOWCASE

## BETTER BANKSIDE & TEAM LONDON BRIDGE: Riverside London App

**The Project:** Free for iPhone, The Riverside London mobile App is the essential guide to the cultural heart of the capital covering South Bank, Bankside and London Bridge. Through the reality view you can locate and identify buildings, what's going on inside them and plot your route to your desired location.

**The Outcome:** By the end of August 2012 the App had been downloaded a total of 28,841 times. Using GPS the App plots your route to over 40 top attractions and locates 100s of restaurants, bars, shops and hotels. It also provides easy-to-use events listings for all major attractions, cultural venues and hidden gems and provides venue contact details for bookings.

### What the reviews say:

*"Great App. Very easy to use. Stylish and well designed. An essential tool for exploring the area".*

**Customer quote from iTunes, 23 April 2012**

### The App was featured:

- on the iTunes homepage as one of their top 'New and Noteworthy'
- as The Sunday Times 'Travel App of the Week'
- in Visit London's Top 10 London Apps

**Cost: £16,000 shared between three organisations**

# BID SHOWCASE

## BRILLIANT BRIGHTON: Rebranding and Website Launch

**The Project:** Rebranding and new website together with a business directory, database and twitter account.

**The Outcome:** The website was launched in November 2011 and now has over 2,100 followers on twitter, an email database of 1,500 and a business directory of over 500 businesses. Nationals as well as independents have got involved and regularly advertise special offers and news for free on the site.

### What the businesses say:

*"Each store within our company is expected to organise one marketing event each month. The Brilliant Brighton website has been hugely beneficial. By having our own page, we are able to reach out to new customers and visitors every week by updating any offers or events taking place. On top of this any uploads are also tweeted to thousands of followers through Brilliant Brighton. We would be lost without it!"*

**Manager, Coast Brighton**

**Cost: £2,000**

# BID SHOWCASE

## DUBLIN BID: DublinTown.ie – A Consumer Website

**The Project:** The DublinTown.ie is a consumer website created by the BID together with an associated iphone App and android version.

**The Outcome:** Over 80,000 hits (45,000 unique) in the first six months. The DublinTown video is now also used as a promotional piece and had 90,000 views in the first six months. Through social media there are over 5,000 followers/subscribers.

The screenshot displays the DublinTown.ie website layout. At the top is the logo, which features a circular graphic of a bridge and the text 'DUBLIN TOWN.ie'. Below the logo is a horizontal banner with a photo of a pizza on the left and the text 'FOR THE PLACES AND EVENTS YOU NEED TO KNOW IN TOWN' on the right. Underneath the banner is a grid of content. The left column contains three items: a small icon of a key, a photo of two black armchairs in a room, and a photo of a DJ at a desk with a laptop. The right column contains a list of categories: SHOP, BAR, SERVICES, CULTURE, GETTING AROUND, FOOD, CLUB, HOTEL, STORIES, and WHAT'S ON. At the bottom left of the grid is a text box that says 'FREE DUBLINTOWN.IE APP NOW AVAILABLE TO DOWNLOAD'. At the bottom right are social media icons for Twitter, Facebook, and YouTube.

### What the critics say:

*"DublinTown has tapped into the current creative frisson in Dublin presenting a site with a beautiful aesthetic while also providing relevant and in-the-know content that is pertinent to both a Dublin resident or someone visiting for a few days. DublinTown makes me proud to be a Dubliner".*

**Ciaran Walsh, Editor *Ie Cool Dublin***

**Cost: E45,000**

# BID SHOWCASE

## FALMOUTH BID: Free February in Falmouth

**The Project:** The Falmouth BID launched a FREE car parking scheme, working closely with its BID stakeholders at every stage. The scheme was targeted as an out of season initiative encompassing a regional promotional campaign that would entice people to visit Falmouth on the car park free days. The project was another strand of the BID's High Street Campaign, that alongside the lobbying element would be a practical way to assist businesses in the shoulder season. Working closely with its stakeholders ensured the free days chosen were those that would have the best chance of providing maximum return and benefit.

**The Outcome:** The online evaluation undertaken with the 400 Falmouth BID stakeholders showed 70% respondent businesses saw a 5% upturn and 5% respondent businesses saw a 5-10% upturn. It is also worth highlighting that the regional newspaper, the West Briton, on the back of the BID inspired High Street and FREE car parking project, launched its own county wide 'Support our Town Centres and county wide free car parking day

### What the businesses say:

*"The BID Free Car Parking Scheme was a great project that really helped to drive footfall and support businesses out of season. The Falmouth BID has been extremely creative and imaginative with a number of these schemes that have been well promoted and are really making a very positive difference to the vibrancy and success of our town."*

**Rae Pollard, Courtyard Deli**

**Cost: £6,000**

# BID SHOWCASE

## HEART OF LONDON: Royal Wedding Press Campaign

**The Project:** Through the West End Marketing Alliance (an alliance focused on enhancing the value for marketing spend across the West End through collaborative campaigns), the Heart of London Business Alliance was part of the Royal Wedding Press Campaign. The objective was to build relationships with the international media ahead of the Games 2012 whilst encouraging people visiting London to increase their dwell time in the West End.

**The Outcome:** A major media event was hosted in partnership with the Foreign Press Association where 212 guests attended including 50 VIPs, many well-known names including Dame Edna Everage and international press. The event showcased the West End's fashion, entertainment and retailers with a focus on royal warrant holders. In addition, a royal wedding themed microsite was established to support local businesses through the campaign. The outcomes included 160 international press contacts; the campaign message reached 28 countries; and 73 West-End themed video clips were ordered by 54 media organisations. The campaign's PR value was estimated at £2.76 million and the total return on investment 1:21.

### What the media say:

*"Thank you to you and your colleagues for all your help. We've realised there is a lot to be done to show the West End to Chinese people. We look forward to working with you again soon".*

**Julie and George, CCTV**

**Cost: £133,000, of which HOL contributed £21,000**

# BID SHOWCASE

## HULL BID: An Innovative Approach to Managing Crime

**The Project:** A successful funding application to the Crime Innovation Fund resulted in a programme run by the BID in collaboration with the Humberside Police, which included the free installation of CCTV cameras together with free restorative practices training for retailers.

**The Outcome:** To date, 50 retailers have received a free CCTV system and attended an introductory training session on restorative practices and principles. From this, 18 retail personnel have attended further bespoke workshops and are likely to go on to achieve a National Training & Accreditation award.

### What the businesses say:

*"The CCTV and restorative practice training is exactly the type of project that has really made us see what a BID can do for businesses to have a measurable impact and improve trading conditions. On a number of occasions we have used CCTV to catch thieves in action which has resulted in bans to the store. It has made a difference to our staff's feeling of safety and that of our customers too".*

**Marie Houghton, Store Manager Simply Pleasure**

**Cost: £44,000**

# BID SHOWCASE

## KINGSTONFIRST: Growth of Kingston Visitor Information Centre

**The Project:** This is the first volunteer-led Visitor Information Centre to become an Enjoy England Official Partner. Housed in the Market House within the Ancient Market House of Kingston, the centre has been opened by the BID as part of a service transfer deal from the Council to run the Market House amongst other markets, events and tourism services.

**The Outcome:** Visitor numbers are regularly reaching 6,000 per month with one month peaking at 15,000. Services include Oyster Card, National Express, local coaches and theatre ticket sales. Ticket sales for the year 2011/12 rose by 500% on the previous year. A new Information Kiosk has now been installed at the train station and a mobile information point and an App are in development. Within the year 2011/12, volunteers gave 1,689 hours of their time to the centre.

### What the customers say:

*"I came to find out about my family's ancestors and the girls in the centre were so kind and helpful and informed me of all the amazing events happening whilst I was in the area."*

**Elizabeth from Sydney**

**Cost: £25,000**

# BID SHOWCASE

## LEAMINGTON BID: Royal Leamington Spa Golden Ticket

**The Project:** The Golden Ticket promotion idea was simple – a Golden Ticket was given away with every purchase to reward customers for shopping in town. Any shop could participate and importantly you had to shop in town to enter.

**The Outcome:** Positive feedback was received from shoppers and retailers alike. In total, 65 retailers donated over £5,000 of prizes with the grand prize being a £1,000 diamond; over 1,000 stores handed out Golden Tickets; over 6,000 entries were received from 60,000 tickets printed; and 1,000 emails were collected for future marketing use.

### What the businesses say:

*"The Golden Ticket worked well for us on several levels. From our customers' point of view it was an easy competition to participate in, not to mention the seriously worthwhile prizes; it gave them another reason to stay in the town and shop local. From our perspective, it was simple to be involved which was important at a hectic time of year. It was also a good way for us to engage with customers and it has also enabled us to gather useful data which we've used since"*

**Matt Crooks – Neals Yard Remedies, Royal Leamington Spa**

**Cost: £5,300**

# BID SHOWCASE

## NEWCASTLE NE1 BID: Alive After Five

**The Project:** Identifying the commercial opportunity to attract more customers in to the city, NE1 worked with retailers to proactively address changing consumer behaviour and increased competition from internet shopping and out of town shopping centres. Following market research commissioned by NE1 which illustrated strong consumer demand (80% in favour), NE1 successfully delivered the Alive after Five initiative which included: Extended retail opening hours to 8pm Monday – Friday and 7pm on Saturday; Early evening weekday meal deals in the city centres restaurants; Additional bus services; Structured programme of events such as Newcastle Fashion Week and Restaurant Week to support and promote Newcastle’s newly improved early evening offer. The free car parking element of Alive after Five has provided a unique proposition to bring together many disparate businesses and organisations with the common goal of bridging the gap between Newcastle’s ‘day-time’ economy and the city’s vibrant ‘night-time’ economy.

**The Outcome:** The campaign proved a significant success changing the habits of Newcastle’s customer base. The extended hours were worth an estimated £106m in the first 12 months; 1.9m additional visitors were achieved post 5pm; 7.84% year on year growth in after 5pm footfall; the 5pm-8pm hours now account for 16.57% of the days footfall; and there is 80% awareness of the Alive After Five campaign.

get into  
**newcastle**

**Alive  
after  
five**

### What the businesses say:

*“Alive After Five has been good for us because it has given our customers a bigger choice of when to shop and eat in John Lewis Newcastle. Free parking after five has helped more of our customers come into Newcastle in the evenings. This initiative adds value to the city centre as a whole by encouraging more and more people to use Newcastle as a destination for both culture, fun and shopping and above all is helping to generate more income for the North East economy.”*

**Isabella Miller, MD John Lewis Newcastle**

**Cost: £495,000**

# BID SHOWCASE

## NOTTINGHAM BID: A New Customer Facing Brand

**The Project:** A new customer facing brand and marketing campaigns including a comprehensive Christmas campaign which included outdoor, radio, regional press, leaflet distribution, magazine, bins, trams, social media, online and PR; and a website [www.itsinnottingham.com](http://www.itsinnottingham.com) – retailers have access and ability to add their own events and edit their listing information.

**The Outcome:** Following the Christmas campaign 2011, footfall was up 7.5%. The website hosts VIP offers which has over 5,000 people signed up. The social media measure – KLOUT – rated the social media activity as 'specialist' and there are 2,500 followers to date.

### What the businesses say:

*"Its in Nottingham is a strong brand that is ideally suited to the Retail BID. The message is right in terms of positioning the activities of the BID firmly in Nottingham city centre. The graphic element also works well either when used as a stand alone or when part of a campaign such as the Independents Initiative and the recent 48 Hours of Fashion event."*

**Jeff Allen, Nottingham Retail Chair**

**Cost: £10,000 for original brand but significant extras for brand application , eg. Christmas £70,000**

# BID SHOWCASE

## PADDINGTON BID: Games 2012 Business Communications

**The Project:** A series of communications counting down the major milestones to the start of the Olympic and Paralympic Games 2012 to ensure all Paddington businesses were prepared for the Games period with emphasis given to the impact on Paddington and surrounding road networks. 'Your Guide to Paddington in 2012' was published a number of times on a countdown communicating information such as the Olympic Route Network and affect on business, travel advice for business events, ticket sale plans, live sites, London 2012 festival, travel information for employees, 2012 brand guidelines and event schedules.

**The Outcome:** The guides were emailed, posted and made freely accessible via a dedicated online site. The website provided an easy one stop for businesses looking for information about the Games.

**What the businesses say:**

*"The guides to Paddington provide a summary of the key information our business requires to enable us to keep our operations running smoothly through the likely disruption London will witness over the summer. Paddington BID communicates the most relevant and up to date information directly to us".*

**Maxine Chapman, Partner M&L Associates**

**Cost: £5,000**

# BID SHOWCASE

## PLYMOUTH BID: Explore Plymouth Magazine

**The Project:** Explore Plymouth is an advertising led magazine series.

**The Outcome:** The project started with a limited print run of 40,000 copies per quarter, this quickly became 60,000 copies as demand outstripped supply. For the Christmas edition in 2012 there will be 130,000 copies being delivered to every household within Plymouth, as well as being distributed in every major supermarket and tourist attraction in the surrounding area. This means the marketing messages are now more widely received than from any other local media provider. Every edition contains competitions and so far over 7,000 responses have been collected and linked straight into the customer database. There is also a digital flipbook version available on the website [www.shopplymouth.co.uk](http://www.shopplymouth.co.uk). A ShopPlymouth/Explore Mini was also secured from the local dealership in return for some Explore advertorial and event presence. This car has proved an invaluable tool for promoting the publication and website and equates to an ROI of around £25,000.

### What the businesses say:

*"Since its launch last year we have advertised in every edition of Explore. We support Explore for two different reasons. Firstly, I applaud what the Plymouth City Centre Company is trying to achieve. I am aware that a great deal of resource goes into producing this publication on the BID members behalf, therefore I am happy to support it. The other reason that I continue to support it is because it works! As an advertising medium I think that Explore has a sensible price point and offers good value for money. I look forward to supporting Explore in the future."*

**Adam Spiers, Michael Spiers Jewellers**

**Cost: £34,000 per annum**

## RETAIL BIRMINGHAM BID: Response to the Disturbances 2011

**The Project:** As the riots broke out in Birmingham city centre, Retail Birmingham took on a crisis management role focusing on coordination and a subsequent marketing campaign to restore public faith in the city.

**The Outcome:** Daily 'Emergency Boards' with the Police were held; regular updates throughout the day so members were well informed; local text messaging service for local managers; the Street Wardens complimented the Police presence on the ground. Post-disturbance activity focused on a radio campaign; marketing literature and promotional bridge banner advertising on arterial routes into the city.

### What the businesses say:

*"The Birmingham riots of 2011 were a very unsettling time, which brought into question as retailers the safety of customers and employees. Retail Birmingham provided visible support, strong communication and guidance and facilitated a united response from retailers. I look back on Retail Birmingham's response with great pride".*

**Zoe Gibbard, Store Manager Marks & Spencer**

**Cost: £45,500 (funded by a central Government grant)**

# BID SHOWCASE

## TEAM LONDON BRIDGE: London Bridge Station Consultation

**The Project:** Team London Bridge felt that the business community should be consulted in greater depth as to their response to the planning application of the proposed London Bridge Station upgrade. In response, research consultants Hamilton-Lock were commissioned to take forward a three part consultation exercise on behalf of Team London Bridge.

**The Outcome:** The research exercise included two focus groups (7+ people) for board members; 14 in-depth 1 to 1 interviews with a range of businesses; and 100 quantitative surveys with employees from the area. Following the research, 12 key recommendations were made of which 10 were agreed by Network Rail.

### What the businesses say:

*"I think TLB have been able to articulate the majority's view for the businesses within the area. They are in a position whereby they can say 'this is the view of local business.'"*

**Philip Knoeson, Red Bull in London Bridge Station Focus Group 2011**

**Cost: £12,000**

# BID SHOWCASE

## VICTORIA BID: Green Benefits

**The Project:** A trained field crew worked with volunteers from the Trees for Cities project to record details of publicly and privately owned trees within the core and buffer zones of the Victoria BID. Tree species and locations were recorded as well as field measurements to assess the size and condition of the trees. The measurements were processed along with local pollution and climate data using the i-Tree Eco model. The Green Infrastructure Valuation Toolkit (GIVAT) was also used to quantify the water management and temperature moderation benefits associated with green infrastructure in the Victoria BID and the Capital Asset Valuation for Amenity Trees (CAVAT) was applied to provide an amenity valuation for the trees. The survey work was complemented by the planting of 33 trees within Victoria BID.

**The Outcome:** Existing trees, green spaces, and other green assets currently divert up to 112,400 cubic metres of storm water runoff away from the local sewer systems annually. In addition to the avoided flooding, this is worth an estimated £20,638 in carbon savings and £29,006 in energy savings every year - carbon and energy that would have been consumed and emitted in the process of pumping and treating the runoff.

Photo Credit: Paul Losse/Salix Ecology

### What the Chairman says:

*"Victoria's trees are an asset that need to be carefully managed. We will use the results from this research to inform the detailed delivery of our BID wide green infrastructure programme, seeking to use natural features such as trees to make Victoria an attractive place to work and visit, but also one that is resilient to current environmental challenges and the anticipated effects of future climate change".*

**Tom Faulkes, Chairman Victoria BID**

**Cost: £65,000**

# BID SHOWCASE

## WATERLOO QUARTER BID: Packed Lunch – Workplace Health

**The Project:** The Packed Lunch project aims to improve wellbeing in the workplace, improve the work-life balance of local employees and encourage them to make the most of what Waterloo has to offer. It was initially funded for two years by a grant from the Department of Work & Pensions acknowledging the enormous cost to the economy from stress-related absenteeism and poor health. The Waterloo area is characterised by small employers with no in-house resource to address mental wellbeing of their employees.

**The Outcome:** The project delivered a wide range of subsidised activities designed to fit within a lunch break that addressed three Mental Health Foundation's key recommendations – keep active; take a break; and learn a new skill. The activities ranged from pilates to charity football tournaments to poetry workshops and bike maintenance. A total of 86 businesses took part representing 26% of local firms and 965 different activities were accessed. From an evaluation with HR managers it was found that 93% saw health benefits; and 50% noted a change in office culture as a result. The project has continued beyond the two year grant period using some core BID funds and is now being 50% matched by participants.

### What the employees say:

*"My weekly pilates session is the only time I leave my desk at lunchtime throughout the week. I think it is vital to have these fantastic opportunities offered by Waterloo Quarter for the wellbeing of the local working community".*

**Participant of the Pilates Session**

**Cost: £48,500 over two years (funded by DWP)**

# BID SHOWCASE

## WINCHESTER BID: Street Pastors

**The Project:** Over 40 volunteers on the streets of Winchester, working alongside the Police and PubWatch, making sure the night-time economy is safe and cared for.

**The Outcome:** The public perception of Street Pastors is very positive building strong relationships with partners in the night-time economy. Working in partnership, alcohol fuelled violence against the person was down by 62% in the first year. In the second year, assaults are down by 39%, anti-social behaviour down by 20% and criminal damage down by 57%.

### What the businesses say:

*"During their patrols, the Street Pastors provide young people with flip flops ( when their high heels are broken or lost), aluminium blankets, lollypops to calm people down, bottles of water, cups of tea to warm them up and taxis for when they can't get home. Pubwatch members have regularly thanked the Street Pastors scheme for their help. I believe the City has benefitted hugely from this scheme.*

**Cost: £6,000**

## 8. Full List of BIDs as at 1<sup>st</sup> April 2012
